

## Generation No. 2

Generation 2 includes the children of George Musick, Sr. "The Pioneer" who are known to have had descendants. They are listed in the order they are named in his will and not necessarily in the order of birth. Again, the approximate birth years shown for this generation have not been documented and are best guesses provided by family researchers. Notes are included for Generation 2 but, with few exceptions, not for subsequent generations due to space limitations.

2. DANIEL<sup>2</sup> MUSICK (GEORGE<sup>1</sup>) was born Abt. 1717 in Spotsylvania Co., VA, and died Bet. 1769 - Feb 1775 in NC. He married ELIZABETH (UNKNOWN MAIDEN NAME) MUSICK.

NOTES for Daniel Musick:

George Musick, Sr., to his son Daniel Musick: "Item I give and bequeath to my son Daniel Musick one hundred acres of Land joining Wilim Trustey being a new patent Land." [This does not take into account any land he might have gotten before George Sr. died. Daniel transferred 62 acres to Thomas Wiatt in 1761, and 30 acres to John Chiles in 1763.]

Also from the will of George Musick, Sr.: "I give to my daughter Agnes Lynes 50 acres joying Daniel Musick & the new Patent Land." This indicates that George, Sr., had already given land to Daniel before he, George, made his will in 1754. He gave Daniel land out of his new patent. So we know that Daniel would have been born before 1730.
